Passport to the World

From Namaqualand to
Swaziland: Biological Field Work
in Southern Africa

**Noon – 1 p.m.
Wednesday, April 6
Central Park Campus
Conference Center F110
Section B**

Join **Dr. Thomas Eimermacher** on a journey of biological discovery through Southern Africa — from the Kalahari Desert and Namaqualand in South Africa to the Lowveld of Swaziland. Explore the different parts of Southern Africa with Dr. Eimermacher as he studies the regional diversity of reptiles and amphibians.

Learn about the culture, local folklore, flora and fauna. See what biological field work on the African continent is like.

Dr. Eimermacher is a professor of biology at Collin College.

The event is FREE and open to the public.

For more information, contact Dr. Dallie Clark at dclark@collin.edu.
