Caleidoscope

April 8, 1991

Published by the Public Information Office

No. 206

From the President's Office

The untimely death of Dr. Walter Pike has created a major void in the lives of all of us who have known and worked closely with him. His contributions to the growth and development of the college are immeasurable and he will be missed professionally and personally.

During the next several months we will be evaluating the vice president of administration position as part of the ongoing study of the college's organizational structure. In the interim, I have asked Mr. Ralph Hall to serve in the position in an acting capacity. Please give Ralph all your encouragement and support during this difficult time in the history of our college.
