Title: "Thank You for Taking Me Home, I Had a Great Time" (Digital)

I'm glad we went to that movie!

Yeah, it was nice! ...The design of the ancients was cool. Very...fleshy.

That's what I thought! I wonder how they thought of that. Being bound to a vessel like that must be so...frustrating.

Well, they likely had no idea we'd make it this far. They're not another species, they're the old us.

Yeah. They seem so foreign, like a myth or something.

Totally, totally...you wanna grab another movie next week?

Oh! Yeah, yes. That'd be awesome. (:

Great! (:

Thank you for taking me home, I had a great time!
