Class Policies:

Writing Assignments:

Students will create a total of 15-25 polished pages of text (approx. 4-5 major writing projects). If the student's essay does not have a grade written on the project, the student is required to revise the essay following the suggestions and details outlined by the instructor. The instructor will determine when the “**rewrite**” will be due. Please note that if the student does not revise the essay and turn it back in, **a grade of F (55)** will be recorded for the essay. ****Students must return the original essay with my comments and their new revised essay to receive credit.**

If the student is assigned to bring a rough draft to class and fails to do so, **one letter grade will be deducted** from the essay for which the rough draft is required. If a student fails to attend a conference over a paper assignment, **one letter grade will be deducted** from the final essay grade. **Papers are to be turned in at the first of the class period on the day that they are due.**

****The work you turn in must be your own and specifically written for this class.****

I try very hard to return work within two weeks. However, a major research

assignment may take a bit longer.

In addition to essay assignments, you will be required to **complete lab projects**. These projects will be technology/research based. **Labs have due dates and will not be accepted late.** Each lab project is multi-layered and worth approximately 3 units for a total of 16 units. The lab component of this course weighs as 15% of your total course grade.

The lab component is an integral part of this writing course. Over the course of the semester, you will need to complete a combination of typical selections. This lab work is not the same as regular daily coursework that you must complete to stay on track in the class; it is instead designed to be additional writing-focused activities, which will help improve your writing throughout the term. During the semester, you will need to track and provide evidence of completing these lab requirements outside of class. Each lab assignment will have a specific due date. Some of the types of labs you will be expected to complete may be: Conferences with the professor, trips to the writing center for individual tutoring sessions, library tutorials, annotating or abstracting articles, rhetoric exercises, and more.

Exemplary performance of these labs can substantially enhance your final course grade or non-performance can substantially reduce your course grade.

All essay assignments and revisions must be submitted to www.TurnItIn.com AND presented in hard copy in class to receive credit. All assignments are due at the beginning of class on the due date. Do not just put something into TurnItIn.com and expect credit. Turning in a major paper is a two-part procedure: A paper copy to me at the beginning of class and an upload to TurnItIn.com.

In the event of Plagiarism, the penalty can vary from correcting MLA documentation, to starting completely over with a new topic, to receiving a zero for the entire assignment. The instructor will determine the penalty. In addition, the event may be reported to the Dean of Students' Office. Be sure that all work you turn in for a grade, is your own work.

***You may revise your essays ONE TIME to improve the project grade with the permission of the instructor—that includes any “Rewrites.” Essay grades are an average of original grades plus revision grades. For a revision to be accepted the revised paper must be submitted on time and the original must accompany it. Late revisions will not be accepted.**

Late Work Policy:

As a rule **I do not accept late work**, and all work is due at the beginning of class on the assigned dates. Please do not offer me a thumb drive in lieu of a paper or leave the paper with “someone,” unless you completely trust them. **You may e-mail me your paper only if it is before the due date and I have agreed to the arrangement.** The best way to ensure I receive your paper is to put it in my hands. Exceptions to this policy will only be granted in cases of genuinely extenuating circumstances. ***If you do e-mail me a question or paper, I will ALWAYS respond. You must use your**

Cougar e-mail for any communication with the instructor. If I have not responded to your e-mail, then I did not receive it. It is your responsibility to see that I receive your work in a timely fashion. Again, I **must approve** any work that you e-mail to me.

In the event of bad weather and/or school closings, refer to Canvas for assignments.

No Recording, Video Tapes, or Audio Files:

Students are prohibited from photographing, recording, or any other form of video documenting during classes, and from transmitting classroom lectures and discussions by students unless written permission from the class instructor has been obtained and all students in the class as well as guest speakers have been informed that photographing or audio/video recording may occur. Permission to allow the audio/visual recording is not a transfer of any copyrights to the material recorded. Photographs, videos and audio recordings may not be reproduced or uploaded to publicly accessible web environments, including Twitter, Instagram, Facebook, or any other Internet platform. An exception to this will be any student determined by ACCESS to be entitled to educational accommodations, to exercise any rights protected under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, including needed recording or adaptations of classroom lectures or materials for personal research and study.

Public distribution of lecture recordings may constitute copyright infringement in violation of federal, state law, or college policy. Violation of this policy may subject a student to disciplinary action.

Student Conduct:

All students are expected to participate in class and in small group discussions, and all students are expected to **behave in a mature and respectful manner**. Disruptive behavior will not be tolerated. Any student who disrupts the class or who interferes with classroom instruction or discussion will be asked to leave the class and will not receive credit for attendance. It is very important that you bring your supplies to class each time we meet. The textbook is a requirement for this course. Bring the textbook, writing materials, and a means of saving your computer work each time we meet. If you do not have your materials, you cannot participate fully in class; therefore, you will not receive class credit any time you fail to bring the necessary supplies.

Cell phones are to be turned off in the classroom. All phone conversations should occur before class begins or after it ends outside the classroom. DO NOT read or send text messages. Students should give their full attention to learning for the time we are in the classroom. If a cell phone rings or I see someone texting, recording, and/or taking pictures, the entire class will immediately have a quiz over materials that should have been read in the textbook.

This class takes place in a computer classroom, which has definite advantages, so you will not need to bring your own laptops. However, the computer classroom also has a down side in that some students are more focused on surfing the Net than they are on the lesson being presented. At all times, when I am giving instructions, when we are discussing assignments, when you are supposed to be working on a class assignment, and when a fellow classmate is asking a question or giving a presentation, you are to

show courtesy and attentiveness. Also, after class begins, **do not access websites that do not pertain to your research/work in this class** (MySpace, Facebook, Yahoo, etc.) Failure to comply with these instructions will result in your receiving points off your daily work and/or not getting credit for attendance.

iPods/MP3 players. **Do not wear ear buds or headphones during class** (whether or not the machine is on). If you do so, you may be counted absent.

Smoking is prohibited from all Collin College campuses and that included electronic cigarettes.

Children are not allowed in class at any time and they cannot be left unattended in the hallways during class.

Religious Holidays:

In accordance with Section 51.911 of the Texas Education Code, Collin will allow a student who is absent from class for the observance of a religious holy day to take an examination or complete an assignment scheduled for that day within a reasonable time. **Students are required to file a written request with each professor within the first 15 days of the semester to qualify for an excused absence. A copy of the state rules and procedures regarding holy days, and the form of notification of absence from each class under this provision, are available from the Admissions and Records Office.** Students who plan to observe religious holidays which will require absences from class should consult the current Collin College Student Handbook, section on Religious Holidays, for the correct process to follow. It is mandatory that this procedure be followed in detail.

Collin College's SOBI's Statement:

Collin College's Strategies of Behavioral Intervention (SOBI) team is an interdisciplinary, college-wide team whose mission is to provide support for students, faculty, and staff, and to facilitate a positive and effective learning environment. In order to accomplish this, the SOBI team has designed a process for assisting students who may display various levels of concerning behavior (e.g., strange or unusual behavior; changes in dress, personal hygiene, or physical appearance; threats of harm to self or others; etc.). Any behavior that becomes a concern to you or that negatively affects your ability to succeed as a student at Collin College may be referred to SOBI.

Please note that SOBI is not a disciplinary committee, and SOBI actions are not a substitute for disciplinary procedures. Reports of Student Code of Conduct (Code) violations will be referred directly to the Dean of Students for disciplinary action. To submit a SOBI referral through CougarWeb, go to the "Student" tab, scroll down to the section entitled, "Safety and Wellness" and then click on "Refer information of concern (SOBI)". Complete the form as fully and as accurately as possible. You can obtain more information about SOBI (including how to submit a referral from off-campus) on the SOBI website, which can be found here (<https://www.collin.edu/studentresources/SOBI/>).
