# CCCC's *Caleidoscope*

March 3, 1989

No. 113

Published by the Office of Institutional Advancement

## FROM THE PRESIDENT'S DESK:

If a student is having difficulty in school and is thinking of dropping out, we are in a position to influence him/her one way or the other.

A kind word or a sensitive gesture versus an impatient response, can make a big difference. We can help retain students and staff through: COMMUNICATION AND ATTITUDE.

### A DAY OFF

So you want the day off. Let's take a look at what you are asking for .....

There are 365 days per year available for work. There are 52 weeks per year in which you already have two days off per week, leaving 261 days available for work. Since you spend 16 hours each day away from work, you have used up 170 days, leaving only 91 days available. You spend 30 minutes each day on coffee break. That accounts for 23 days each year, leaving only 68 days available. With a one hour lunch period each day, you have used another 46 days, leaving only 22 days available for work. You normally spend 2 days per year on sick leave. This leaves you only 20 days available for work. We are off for 5 holidays per year, so your available working time is down to 15 days. We generously give you 14 days vacation per year which leaves only 1 day available for work and I'll be damned if you're going to take that day off!!!
