Additional Policies:

Papers:

Students will produce four formal papers, of varying lengths, over the course of the semester, totaling a minimum of fifteen polished pages by the end of the semester. For this section of the course, students will practice writing as a process, and for each paper, will produce multiple drafts, exchange those drafts with peers, and work to develop their own sense of academic writing. Students will compose a formal review, a personal essay, an analysis of an image, and a formal proposal. All formal essays will be submitted to the instructor to TurnItIn.com and will be graded electronically. If there are technical issues which prevent uploading the paper, contact **Please note that it is the student's responsibility to check paper grades in a timely manner. Students will have two weeks after a final paper grade is posted to discuss issues with the instructor. Students are encouraged to print a digital receipt after uploading their essays, in case of technical issues. Please note that papers that are incorrectly formatted will not be graded and will receive a zero.**

Lab Credits:

The lab component is an integral part of this writing course. Over the course of the semester, students will complete a combination of 8 selections from the list provided on the lab assignment sheet. This lab work is not the same as the regular daily coursework that students must complete to stay on track in the class; it is, instead, designed as additional writing-focused activities that will help improve students' writing throughout the term. During the semester, **students will need to track and provide evidence of completing these lab units outside of class.** Students will be provided with a lab log, with a list of potential lab units. These logs will be turned in to the instructor at mid-semester and at the end of the semester. Lab units may include, but are not limited to: office visits with the professor, visits with the writing center, attending writing center or library workshops, or attending relevant campus events. A more comprehensive list is included on the lab sheet.

Punctuality:

Students are expected to be in class on time in order to avoid interrupting the class and distracting the students and instructor. It is understandable that on rare occasions students may be late, but students who consistently come into class later than twenty minutes after class has begun will be counted absent for that day. It is the student's responsibility to check in with the instructor after class if roll has been taken.

Late Work Policy:

I do not accept late work, and all work is due at the beginning of class on the assigned dates. **I do not accept papers via email. All work must be turned in on or before the due date. Exceptions to this policy will only be granted in cases of genuinely extenuating circumstances. You must contact me as soon as possible in the case of an emergency.** Last-minute computer problems, oversleeping, etc. do not qualify as extenuating circumstances. If you must be absent on a day that an assignment is due, please

have a classmate turn it in for you or arrange to turn it in early.

Class Discussion:

In this class, we will be discussing a variety of topics -- some of which you may feel strongly about. Remember. . . not everyone has to, or should, agree. Please respect the other students' differences (as well as mine), and they will respect yours. If you feel that someone in this class is not following this agreement, please see me. If at any time I feel that you are not showing respect to me or others, I will discuss this with you. A continuation in similar behavior will result in further action. **Please put all phones on silent or vibrate before entering the classroom. In addition, all phones must be put away during class time. There should be no reason to use your phone during class time.**

SOBI (Strategies of Behavior Intervention Committee):

Collin College's Strategies of Behavioral Intervention (SOBI) team is an interdisciplinary, college-wide team whose mission is to provide support for students, faculty, and staff, and to facilitate a positive and effective learning environment. In order to accomplish this, the SOBI team has designed a process for assisting students who may display various levels of concerning behavior (e.g., strange or unusual behavior; changes in dress, personal hygiene, or physical appearance; threats of harm to self or others; etc.). Any behavior that becomes a concern to you or that negatively affects your ability to succeed as a student at Collin College may be referred to SOBI.

Please note that SOBI is not a disciplinary committee, and SOBI actions are not a substitute for disciplinary procedures. Reports of Student Code of Conduct (Code) violations will be referred directly to the Dean of Students for disciplinary action.

To submit a SOBI referral through CougarWeb, go to the "Student" tab, scroll down to the section entitled, "Safety and Wellness" and then click on "Refer information of concern (SOBI)". Complete the form as fully and as accurately as possible. You can obtain more information about SOBI (including how to submit a referral from off-campus) on the SOBI website, which can be found here (<https://www.collin.edu/studentresources/SOBI/>).

Religious Holidays:

Please refer to the current Collin College student handbook.

Academic Ethics:

Please see section 7-2.2 of the Collin Student Handbook.

All cases of academic dishonesty will be reported to the Dean of Students' office for investigation. Students found responsible for academic dishonesty will receive a penalty ranging from a zero on the essay to an F in the course, depending on the instructor's interpretation of the severity of the incident.

Other Policies:

- ❖ The instructor will make changes in objectives, assignments, and due dates for this course if necessary. Any changes will be announced beforehand in class.
- ❖ Computers are to be used in the classroom only when the instructor has made a specific assignment. They are not to be used to check e-mail, surf the internet, work on non-related papers, etc., unless permission is given. Consistent disregard of this rule will result in computer privileges being taken away or a possible lowering of grades.
