**Required Materials:**

\*Pen and Paper for taking notes, group work, and quizzes during class

\*Thumb drive or other means (dropbox.com account, for example) of storing work and other written material you compose (always, always, ALWAYS keep a backup of everything you turn in! Technology issues WILL happen and they will NOT excuse late work).

**Preferred Materials:**

\*Laptops, Smart tablets, Cell phones, etc. for in class interaction and group work (visit the library for technology rental options)

**Minimum Technology Requirements:**

\*Regular computer and internet access

\*Access to your Collin email address that you check everyday (see email policy)

\*Access to class Canvas

\*Access to a printer, ink, and paper (ability to print 30-50 pages throughout the semester- funds, ink, paper, etc.)

\*Access to a computer with MS Office (assignments **will be submitted as MS Word docs**- Google docs, pages, etc. will not be acceptable methods for submitting work)

\*Some supplementary texts for this course exist exclusively online, so you must have Internet access to read and/or view these texts

**Minimum Student Skills:** Students will be expected to keep up with course load expectations. Computer literacies will be necessary to succeed in this course (Understanding Word programs, typing skills, internet navigation, emailing, etc.).

**Attendance:** Attendance is significant for this course. Attendance does not mean just showing up and sitting in a chair- it includes participation in class discussion, group work, etc. This course is highly discussion oriented and there is in-class work that may not show up on the grade-weight scale. Students who do not participate in class discussions or in-class work will be marked as absent. **Students who fail to speak during class discussions should not be surprised when their absences quickly add up- they will be marked as absent.** Sitting in a chair does not equal “attendance.”

Excused absences include religious holidays, military service, or College (not High School) sanctioned activities. As per p. 62-63 in the student handbook, “*Students are required to file a written request with each professor within the first 15 days of the semester to qualify for an excused absence.*”

Students who miss class due to excused absences are still required to submit work on time. Students must be present in class to submit in-class work-even when the absence is excused.

Outside of these instances, each student will be given 5 grace absences for the semester. That means they have 5 absences before they begin to count against their grade.

**5 absences = No impact**

**6 absences = -10 points**

**8 absences = Fail the course**

**It is 100% the student’s responsibility to find out about missed class work/homework from fellow student- NOT the professor.**

**Partial Attendance:** Entering class 5 minutes or more after class has begun or leaving before class has concluded counts as a Partial Absence. 3 Partial Absences equal one unexcused absence.

**Percentage Requirement:** Students who miss up to 20% of the class (8 days) will fail the course even if the absences are excused.

**Missed days/work:** For excused or unexcused absences: It is 100% the student’s responsibility to ask peers for any material, assignments, lectures, etc. missed. Emails sent asking the instructor for missed material will not be answered- it is not the instructor’s responsibility to back track for you. It is your responsibility. In the first week meet peers who will be willing to catch you up.

**Grading/Return Policy:** My policy is generally to return major grades at least two-four weeks after the assignment has been submitted *depending on the assignment*. Work submitted to the **late freebie drop box will be graded at the end of the semester** (no exceptions). All necessary information for grading expectations will be covered during class time. Grading rubrics for essays will be posted in the comments for each essay with an evaluation scale detailing how the essay was evaluated. Students who would like more detailed comments can schedule a meeting with me during my office hours so we can chat more in depth about the assignment.

**Ethics, Content, and Respectful Discourse Expectations:** Students will interact in physical and online discussions and will maintain audience and contextual awareness. All students will be respectful and appropriate both in class and online. Students will also be expected to respectfully interact with instructor via email. Students will maintain professionalism and construct emails that follow the emailing guidelines supplied by the instructor (*see Email Policies under instructor’s policies*).

**Ethics Policy:** This is a college course that focuses on argument, composition, critical thinking, and communication so controversial topics will be discussed and opposing views are not only encouraged but a **necessity**. But to be able to do so, students must participate with **rhetorical awareness and respect**. Students will demonstrate rhetorical and contextual awareness in various ways throughout the entire semester and will understandably keep all of this in mind when presenting their arguments in this course.

***Disrespectful or intolerant discourse and behavior, and any advocacy of hateful or discriminatory ideologies are unacceptable in this course.*** Taking this course requires an ability to openly participate in discussions about ideologies that may be new or different. Students will interact in class and online discussions and will maintain audience and contextual awareness. All students will be respectful and appropriate both in class and online. This course approaches a variety of subjects and discusses various cultures and communities. **Xenophobic, homophobic, racist, sexist, or any other behavior that blatantly or subversively argues for the harm, exclusion, or discrimination of others (in or out of class) will not be acceptable.** Students who do not follow

this policy will, at the professor's discretion, be asked to leave class immediately and will not be allowed to return to class until they set up a one-on-one meeting with the professor during her office hours, discuss the issue, and the professor determines that the student will be allowed to return.

**Content Warning**- In this course you will likely be exposed to new ideologies and adult language that some may consider offensive. Just as she expects you to be, your professor is extremely aware of the rhetorical contexts of her courses and the rhetorical situations that take place within them. **Any content** included in this course is *intentional and beneficial* in helping all students achieve the **Student Learning Outcomes**. In sum, all students will equally be treated as **respectable adults** fully capable of existing and succeeding in the world.

*\*Well, yes- it does seem unnecessary to have to say this because this is a college course designed for **adult students** who have signed up and expect to be treated as adults. However, some students may not be interested in being exposed to this pedagogical approach and **now know exactly what to expect** from the professor (Dr. C) who has been completely transparent from day one.*

**Instructor Communication**: Students will interact with instructor via email outside of class and office hours and will maintain professionalism and construct emails that follow the emailing guidelines supplied by the instructor (*see Email Policies under instructor's policies*).

**Collin College Academic Policies**: "See the current Collin Student Handbook." Academic Dishonesty - Please see section 7-2.2 of the Collin Student Handbook. The range of academic penalty determined by the professor may be a zero on the assignment to dismissal from the course.

**Instructor Policies on Academic Dishonesty**: Intellectual Property is an important conversation in academia. Your instructor determines *most* essays with over 40% similarity results from Turnitin as plagiarized. For essays that the instructor finds as plagiarized students will have two options:

- 1) Instructor will first speak to the student about the situation. If student chooses, s/he will be allowed to withdraw the assignment and receive a zero (for intentional or accidental plagiarism) and understands that the second time this occurs s/he will receive a zero for the class and will no longer be allowed to attend.
- 2) Instructor will first speak to the student about the situation. If student chooses, the instructor will submit the document to the Dean of Students for review. Once reviewed and based off of the DoS recommendation, instructor will determine whether or not the document is plagiarized (for intentional or accidental plagiarism). Plagiarized assignments will receive a zero and the second time this occurs the student will receive a zero for the class and stop attending (submitted documents found guilty of plagiarism will often be documented on student's transcripts).

Students who plagiarize any assignment, **either intentionally or unintentionally**, can expect to make a zero on the plagiarized assignment. If the same student plagiarizes a second time that student should expect to fail the course.

**The instructor does not tolerate plagiarism so it is important for students to pay close attention to citations, bibliographic information, cases of paraphrasing, and the importance of giving credit where it is due.**

**Email Policy**: **I will only email students via Collin College email accounts or Canvas**. Emails must be professional, prompt, and include a clear purpose (IE: Student must clearly explain to the professor what she/he needs). Student will remain aware of their audience (the professor) and construct the email accordingly (IE: Use complete and clear sentences, appropriate language, appropriate content, a subject, a greeting, and **must include the student's name and course number**). If emails include attachments the email will explain what the attachment is. **Blank emails with documents attached will immediately be deleted**. Do not send attachments directly from Canvas (emails with documents attached will only be accepted through Cougarmail- not Canvas).

*Emails should/will be constructed as this:*

Subject [State the specific reason for this email, e.g. "Grade on Midterm"]

Dear/Hello Dr. C,

I wanted to ask/tell you.... [Be specific and brief]

Sincerely/Thank you/All the best/ Etc.

[Write your **full name and class section**—I often have two or more students with the same name in multiple classes]

*Responses to emails should be expected within 48 hours during weekdays; emails will rarely receive responses on weekends.*

**Paper Policy:** Assignments will be submitted either in/during class, or on Canvas unless otherwise instructed. All major essays will be submitted to its appropriate dropbox on Canvas. The assignment prompt will detail how and when the assignment should be submitted. *“I did not know” will never be an acceptable excuse.* Papers submitted to incorrect dropboxes will receive zeroes. Papers not submitted correctly and on time will be considered incomplete and receive a zero. \*\*\*\*\*IF a student has issues with Canvas, they will email Dr. C with the assignment attached **BEFORE it is due**, clearly explaining the issue. In the email explain the Turn-it-in/Canvas problem, attach a screenshot of the message Canvas shows, etc. “Canvas isn’t working” is not acceptable proof. Students who do NOT explain the problem, attach the assignment, and send the email before the due date/time will receive a zero.

Communication is a vital aspect of this course. I do not accept late work at all.

So, I repeat: \*\*\*Sending the email or submitting work after the due date/time will result in a zero.

**PAY ATTENTION TO DATES AND TIMES.**

Computer/Internet issues will not count as acceptable reasons to submit late. I recommend using dropbox, or other outside methods of saving documents such as emailing them to yourself because computers *do* crash and dogs do eat flash drives.

***ALL work submitted as a document online will be submitted as MS Word documents ONLY. All others will receive zeroes***

**Handwritten work will never be accepted with the exception of work completed during class time.**

**Format Requirements:** MLA format is expected for all work. We will discuss MLA format throughout the semester. I strongly suggest accessing reliable references such as the Collin College Writing Center or the Purdue OWL for help throughout the semester as well.

**MLA basics:** One-inch margins, 12 point font (Times New Roman, Arial, and Calibri are acceptable), double-spacing at 0 point (you will usually need to change this since most Word programs default to 8 or 10 point spacing), name and page number in header top right, informational header on first page only top left, in-text citations when appropriate, title on first page, works cited page. Nothing underlined. Nothing in bold. No other font sizes. No other fonts but the ones suggested above. No title pages. No extra spacing after/before paragraphs or sentences.

**Late Work Freebie Option:** Each student will be given the late work Freebie Option. This option gives the student **ONE 72 HOUR EXTENSION** on one major essay (details can be found on Freebie Option Canvas drop box). All other assignments will be submitted on time or student should expect to receive a zero. The only requirement to use this extension is for the student to submit the assignment within 72 hours after the due date/time (down to the hour). **These assignments will be graded at the end of the semester** (including essays submitted for the Grading Conferences).

**Other Late Work:** Students who bring homework to class 10 minutes after class starts should expect to be docked 20% on the assignment. Students should expect to lose 50% credit on homework assignments brought in over 10 minutes after class starts. Students who bring homework in at the end of class will receive a zero.

**Revision:** Revision of larger essays (essays that qualify will be specified on each prompt) is possible if student follows the Revision Guidelines 100%

\*To revise an essay student must email Dr. C within one week of the original grade posting and set up a meeting during her office hours (or an agreed upon time outside of her office hours) to discuss the essay (prepare to spend at least 20 minutes at this meeting- students unable to spend at least 20 minutes or who rush the meeting will not qualify for revision).

\*Student will submit the revised essay within one week after meeting with Dr. C about the essay in the Revised Essay dropbox.

- Essays can be revised for up to 20 points or up to a 100 (if reaching a 100 takes less than 20 points)
- Revised Essay submission documents must highlight **every** change student wishes to be considered as “revised” (entire essay must not be highlighted)
- Opportunity for revision does NOT guarantee a higher grade (in rare cases revision can result in a lower grade)
- Only essays that were completed (reached the original word count requirement when first submitted) and submitted on time and correctly will qualify for revision.

**Extra Credit:** I will offer extra credit opportunities periodically throughout the semester. As these opportunities present themselves I will give students ample time to complete and submit these. Any extra credit opportunity will be available for all students (there will not be special cases made for individual students). Extra credit options will end at the beginning of Finals Week 16 (Sunday 12/9). **Students will not be granted extra credit as a means to pass the class.** Extra credit is not the answer for students on the verge of failing—students are expected to keep up with their work and grades throughout the entire semester. Extra credit assignments will ONLY count if directions for each assignment are followed 100%.

**Grievance Procedure:** If at any point a student has concerns about the class or the instructor, please first speak to the instructor about the concerns. If student is not satisfied with the outcome of the conversation, the next person in the chain of command is Associate Dean of Academic Affairs, Dr. Kelly Andrews. She should be contacted via email at kandrews@collin.edu. Student will email Dr. Andrews, fully explain the circumstances, and request a meeting time. Students will NOT barge into her office expecting to be seen without an appointment.

#### **Electronics, Cell Phones, Food, and Misc.:**

*\*These are the instructor’s personal policies with electronics and food. However, students are expected to follow any rules established by the school/institution/building.*

**\*Electronics:** Students are allowed to use laptops, netbooks, iPads, Kindles, etc. during class time. While students are encouraged to follow along on Canvas- anytime I use Canvas it will be pulled up on the projector. Students “following along” on Canvas who pay more attention to their laptops than the lecture will be asked to put their computers away. If I get the impression that the student is using the electronic for anything unrelated to class I will ask student to put it away once. If it happens a second time I will ask the student to leave and student will receive an absence for that class day and will not be allowed to use the electronic in class again.

**\*Cell Phones:** Students’ cell phones must be placed on vibrate/silent and **be placed the desk face up.** If student gets a call or text that is **an emergency** and needs to answer, then step out to take care of it. Otherwise, ignore it. If the student is actively using phone during class without the instructor’s permission she will ask the student to leave. No questions asked. If student is on phone due to an emergency, the student is expected to have stepped out, but otherwise phones will be left alone. If these emergencies occur multiple times, instructor will revise this policy and we will redefine ‘emergency.’

**\*Food:** Feel free to bring snacks and drinks to class. Students will be expected to clean up any messes they make. It’s easy to forget to drink water and eat snacks and meals throughout the day when there’s so much going on- so students are more than welcome to do so during this class if they can do so quietly, discreetly, and without disrupting class.

**\*Emergency Situation:** If there is an emergent situation such as a shooter on campus we will lock the door, spread out against the walls and prepare to throw anything we can at the shooter if s/he enters the room.

**\*Misc:**

- Smoking, vaping, e-cigs, etc. will not be allowed
- Bringing friends or family to sit in on class will not be allowed
- Only registered Service animals are allowed in the classroom
- Recording class (video, audio, photos, etc.) will not be allowed without first discussing it with Dr. C and receiving her permission.

**Dual Credit Policies:** In general, the policies do not change between on-campus classes and my dual credit classes. I have the same academic expectations of all of you. However, I understand that Dual Credit students

have many separate campus obligations and I am willing to work with you to an extent. You must let me know ahead of time for any scheduling conflicts, particularly long periods of missed classes or repeated absences (i.e. your team is traveling; you are in a play, pep rallies, etc.). Do not assume I know about your school's schedule – my main campus is the college, not the high school. You must keep me up to date. Also, I will require emailed verification from a teacher or coach (these must be sent from their school email accounts).

**Extra Excused Absence:** Dual Credit students will be granted **one** single additional grace absence day (on top of the regular grace absence days) when visiting a college campus. Student must let me know in advance and submit proof of attendance for absence to be excused.

**Content, Ethics, and Respectful Discourse Reminder:** Dual Credit students are reminded to review the Content, Ethics, and Respectful Discourse section of the syllabus **before choosing to remain enrolled in this course**. I also want to remind Dual Credit students that you ARE now enrolled in a college course. All students will be treated the same (campus and off campus students) and course material and content will not be filtered or adapted. College students are to be treated as adults and expected to act as adults.

**FERPA Reminder:** FERPA does apply to Dual Credit students (even those under 18). Parents, Grandparents, friends, etc. will have to speak directly to the student about the course. As per FERPA the professor can only speak to the student about anything class related, including verifying whether or not the student is even enrolled in the course. It is 100% up to the student whether or not they would like to share their enrollment, grades, email info, etc. with anyone else but legally the professor can and will **only** speak with the student.

**Grading Scale:** 200 Point System

*180-200 points	90-100	= A
*160-179 points	80-89	= B
*140-159 points	70-79	= C
*120-139 points	60-69	= D
* 0-119 points	Below 60	= F
